Primavera Project Planner & Expedition Support

1.0 INTENT:

The Maricopa County Department of Transportation (MCDOT) has instituted several process improvements, which have increased project completion mostly through investments in project management software, changes in financial reporting and new databases.

The project scheduling software currently being used is Primavera (version 3.0) and handles approximately 100 projects consisting of over 4,900 activities. Additional data is also maintained in Expedition (version 6.4), Excel 97 and Access 97. The financial information resides on a Microsoft platform using Greatplains (version 2.2) -- this is a separate system that provides project and job cost information. Information on project status resides in part on each of these systems.

With MCDOT's present system, it is cumbersome to prepare comprehensive project reports and make it available to management and project teams.

The Maricopa County Department of Transportation uses Microsoft client server enabled platforms and products.

2.0 SCOPE OF WORK:

The proposal submitted by the vendor shall address each of the following four (4) tasks:

2.1 TASK 1: REVIEW OF PROCESS

The consultant shall review the current project management process involving Primavera and Expedition and recommend areas for improvement. The recommendation shall in turn result in an efficient flow of information and eliminate redundant data entry. Included in the review shall be the set-up of the program files, file server permissions, report preparation, work breakdown structure, activities, data files, data entry, and Infomaker custom report preparation.

Additionally, as part of this task the consultant shall provide informal instruction to MCDOT staff and prepare a short written report documenting its findings, training accomplished and recommendations made.

2.2 TASK 2: ASSISTANCE WITH PRIMAVERA PROJECT PLANNER and EXPEDITION

The consultant shall provide annual on-call miscellaneous assistance to MCDOT staff as requested on a per hour basis. Response time shall be not more than 48 hours from the initial County phone call contact requesting this service or seven (7) working days for on site visits. The consultant shall specify the minimum hours per visit to be charged for each visit as part of his proposal and may propose an alternate response time as part of his proposal.

The minimum activities to be performed by the awarded vendor for TASK 2 include:

- Developing new reports using Infomaker and other available software.
- Linking databases.
- Coordinate with MCDOT technical personnel to improve software performance and reliability.
- Trouble shooting and resolving technical problems with both software and hardware.
- Modify existing reports.
- Enter data and revise existing data.
- Develop work breakdown structures (WBS) and revise existing WBS.
- Develop web page data links.
- Assist in evaluating the purchase of additional software and its link with the existing programs.
- Provide just in time training to MCDOT staff
- Transition from Primavera P3.0 to P3e
- Transition from Expedition 6.4 to 7.0

In its proposal, the consultant shall clearly state the number of hours to be provided, response time, and rate(s) for both intermediate and senior level staff who will respond to the service request. The proposal shall also outline the experience levels and qualifications of the proposing vendors intermediate and senior level staff.

2.3 TASK 3: DOCUMENTATION

The awarded consultant shall prepare and submit a monthly report documenting work performed, recommendations made, training conducted, etc. This report shall be due to the Maricopa County Department of Transportation on the 1st day of each following month for which the work was performed.

2.4 TASK 4: ANNUAL RENEWAL ASSISTANCE WITH PRIMAVERA PROJECT PLANNER & EXPEDITION

At the County's option, the consultant shall provide the cost to extend the TASK 2 annual on-call miscellaneous assistance to MCDOT staff as requested on a per hour basis for an additional year.

3.0 SPECIAL TERMS & CONDITIONS:

3.1 CONTRACT LENGTH:

This Request for Proposals is for awarding a firm fixed price contract to cover a one (1) year period.

3.2 OPTION TO EXTEND:

The County may, at their option and with the approval of the Contractor, extend the period of this agreement up to a maximum of four (4), one (1) year options. The Contractor shall be notified in writing by the Materials Management Department of the County's intention to extend the contract period at least thirty (30) calendar days prior to the expiration of the original contract period.

The **COUNTY** shall not be obligated, however, to review such policies and/or endorsements or to advise **CONTRACTOR** of any deficiencies in such policies and endorsements, and such receipt shall not relieve **CONTRACTOR** from, or be deemed a waiver of the **COUNTY'S** right to insist on strict fulfillment of **CONTRACTOR'S** obligations under this Contract.

The policy shall include coverage for bodily injury, broad form property damage, personal injury, products and completed operations and blanket contractual coverage including, but not limited to, the liability assumed under the indemnification provisions of this Contract which coverage

Coverage shall be on an occurrence basis with a limit not less than \$1,000,000 per occurrence, and the policy shall be issued by the same insurance company that issues the **CONTRACTOR'S** Commercial General Liability insurance.

3.4.2 Automobile Liability. **CONTRACTOR** shall maintain Automobile Liability insurance with an individual single limit for bodily injury and property damage of no less than \$1,000,000, each occurrence, with respect to **CONTRACTOR'S** vehicles (whether owned, hired, non-owned), assigned to or used in the performance of this Contract.

In case any work is subcontracted, the **CONTRACTOR** will require the Subcontractor to provide Workers' Compensation and Employer's Liability insurance to at least the same extent as required of the **CONTRACTOR**.

3.5 CERTIFICATES OF INSURANCE

Prior to commencing work or services under this Contract, **CONTRACTOR** shall furnish the **COUNTY** with Certificates of Insurance, or formal endorsements as required by the Contract, issued by **CONTRACTOR'S** insurer(s), as evidence that policies providing the required coverages, conditions and limits required by this Contract are in full force and effect. Such certificates shall identify this contract number and title.

In the event any insurance policy(ies) required by this contract is(are) written on a "claims made" basis, coverage shall extend for two years past completion and acceptance of the **CONTRACTOR'S** work or services and as evidenced by annual Certificates of Insurance.

If a policy does expire during the life of the Contract, a renewal certificate must be sent to the **COUNTY** fifteen (15) days prior to the expiration date.

3.6 CANCELLATION AND EXPIRATION NOTICE:

Insurance required herein shall not expire, be canceled, or materially changed without thirty (30) days prior written notice to the **COUNTY**.

When deemed necessary, samples of supplies or materials will be taken at random from stock received for submission to a commercial laboratory or other appropriate agency, for analysis and test as to whether the material conforms in all respects to the specifications.
